

This form is to be used to petition municipal council for a new drainage works under the *Drainage Act*. It is not to be used to request the improvement or modification of an existing drainage works under the *Drainage Act*.

To: The Council of the Corporation of the Municipality of Strathroy Caradoc

The area of land described below requires drainage (provide a description of the properties or the portions of properties that require drainage improvements)

The McCracken Drain report is a report by C. P. Corbett Consulting Engineers of Lucan dated 1971. At this time, The an open portion of the drain from 0+00 to 21+50 was closed with tile. This closed portion drains Part of Lots 4 and 5 south of the CNR Con 2 of Caradoc. The acreage assessment for this 1971 report is for 52 acres to Lot 4 and 10 acres for Lot 5. However, it appears the the watershed for Lot 5 is approximately 50 acres and not 10 acres.

The drain was designed in 1971 when the design coefficient was less than it is today. The watershed is larger than was thought. We believe that the drain is undersized and not adequate for today's farming practices. Therefore, we are requesting a new report and new construction for the closed portion of the McCracken Drain.

In accordance with section 9(2) of the *Drainage Act*, the description of the area requiring drainage will be confirmed or modified by an engineer at the on-site meeting.

As owners of land within the above described area requiring drainage, we hereby petition council under subsection 4(1) of the *Drainage Act* for a drainage works. In accordance with sections 10(4), 43 and 59(1) of the *Drainage Act*, if names are withdrawn from the petition to the point that it is no longer a valid petition, we acknowledge responsibility for costs.
